CUSTOM PARTS

CROSSCAMP CUSTOM PARTS. YOUR EQUIPMENT. YOUR ADVENTURE.

CROSSCAMP custom parts are optimally tailored accessories that extend the range of use of your CROSS-CAMP for even greater flexibility. You'll be ready for any adventure that comes your way! Certain custom parts that are exposed to extreme stress undergo extensive additional testing, during which they are pushed to their limits. They are safe and reliable solutions for everyday life and travel.

Subject to change, errors excepted.

Some illustrations show products which may change without notice. Despite thorough checking of the content, the possibility of misprints is not excluded. Additional costs may be incurred for assembly at the dealer's premises. You can find the current prices online including the applicable national VAT. Different Euro prices may apply throughout Europe. This is due to different VAT rates. Dethleffs GmbH & Co. KG reserves the right to change prices during the year.

General information

The vehicle's technically permissible maximum laden mass and the technically permissible maximum laden mass on the axle must not be exceeded. Accessories retrofitted to the vehicle will reduce the load capacity and alter the mass on the axle. Subsequent modifications to the vehicle that affect its measured mass values are the vehicle owner's responsibility. With regard to the weight and dimensions as well as the equipment and designs, the technical data provided in this publication corresponds to the state of knowledge and production at the time of publication (September 2026). Dethleffs GmbH & Co. KG reserves the right to make changes or improvements to its products. We therefore recommend that during the information process and before concluding the contract, you consult our website and/or the CROSSCAMP authorised dealers to check for any changes in comparison to this publication.
